Descrizione

FCS Fusion Fin Plugs

Fusion was developed primarily for EPS/Epoxy surfboards; however the system can be just as easily applied to PU/Poly construction surfboards.

FCS Fusion was designed to offer significant improvements and advantages over other pre-glass systems currently on the market.

[Installation requires the FCS Fusion Install Kit](#)

Choose Your Fin Cant:

- 5 degree box cant (grey tabs)
- 9 degree box cant (orange tabs)
- 0 degree box cant (white tabs)
