Designed for high performance surfing with aerial trickery.

The Spade is our ultra-versatile performance surfboard. It starts with a slightly wider and curvier outline that lends itself to tight turns in the pocket of any sized wave. The three fin configuration promotes rail to rail, and a top to bottom surfing. The wide outline also makes this board incredibly lively under your feet allowing you to generate speed even in onshore surf. The Spade will make your aerial maneuvers look pro with its generous amount of pop. The Step Rail creates our signature concave deck which is perfect for strapless trick riding.
