Descrizione

### TORQUE BTB 55 CONTROL SYSTEM

Line Lengths: 20 m, 24 m

Who is it for?

Kiteboarders who prefer below the bar depower.

What's it do?

Offer great handling of your kite with the convenience of below the bar depower.

Why is it unique?

A below the bar swivel makes it extremely easy to untwist lines.

What's new?

Refined cleat pattern for smoother action on the trim line.

Featuring the most advanced quick release trim loop mechanism to date, this function-rich design offers extremely easy release and reload and

a below-the-bar swivel for effortless untangling of lines. Whether freeride, freestyle or wave riding, the Torque BTB keeps you secure for a seamless riding experience.
