RSPRO Paddle Grip RSPro Hexa

Ultra light and ultra thin Paddle Grip with HexaTraction technology

INCREASED GRIP IN 4 GRAMS:

- **Improve the grip** of your paddle, avoiding wax, sprays, tennis tape and other messy odd jobs.
- Ultra light: 4 grams (Black); 6 grams (Yellow).
- Improve your reach by having a constant reference for hand placing.
- Choose Yellow Fluor color option to easily spot your paddle.
- Single measure to fit most paddles in the market.
- Easy to install auto-adhesive technology.
- Design&manufacturing in Barcelona.

SPECIFICATIONS:

- 1 piece. 28cmx10cm (11"x3.9"). 4-6 grams.
- Ultra thin HexaTraction® technology on a super thin layer.
- Adhesive backing.
- For paddles with a shaft perimeter up to 9.5cm (3.7").
- Does NOT work on tapered shafts.
